Full Lync feature set

Design inspired by Skype

Introducing Skype for Business

Server, hybrid, and cloud

Enterprise grade

Microsoft integration possibilities

- Full featured OpenTouch
- OT features integrated with Microsoft applications (Active Directory, Exchange, Outlook)

1: Native integration into Microsoft Suite

2: "Standard Lync" (IM/Presence) integration

- Full featured OpenTouch except IM (OT clients used for Voice, Video, UC, Advanced Telephony, Conf. and Collab.)
- Lync Standard CAL (restricted to IM, Presence and Buddy list)

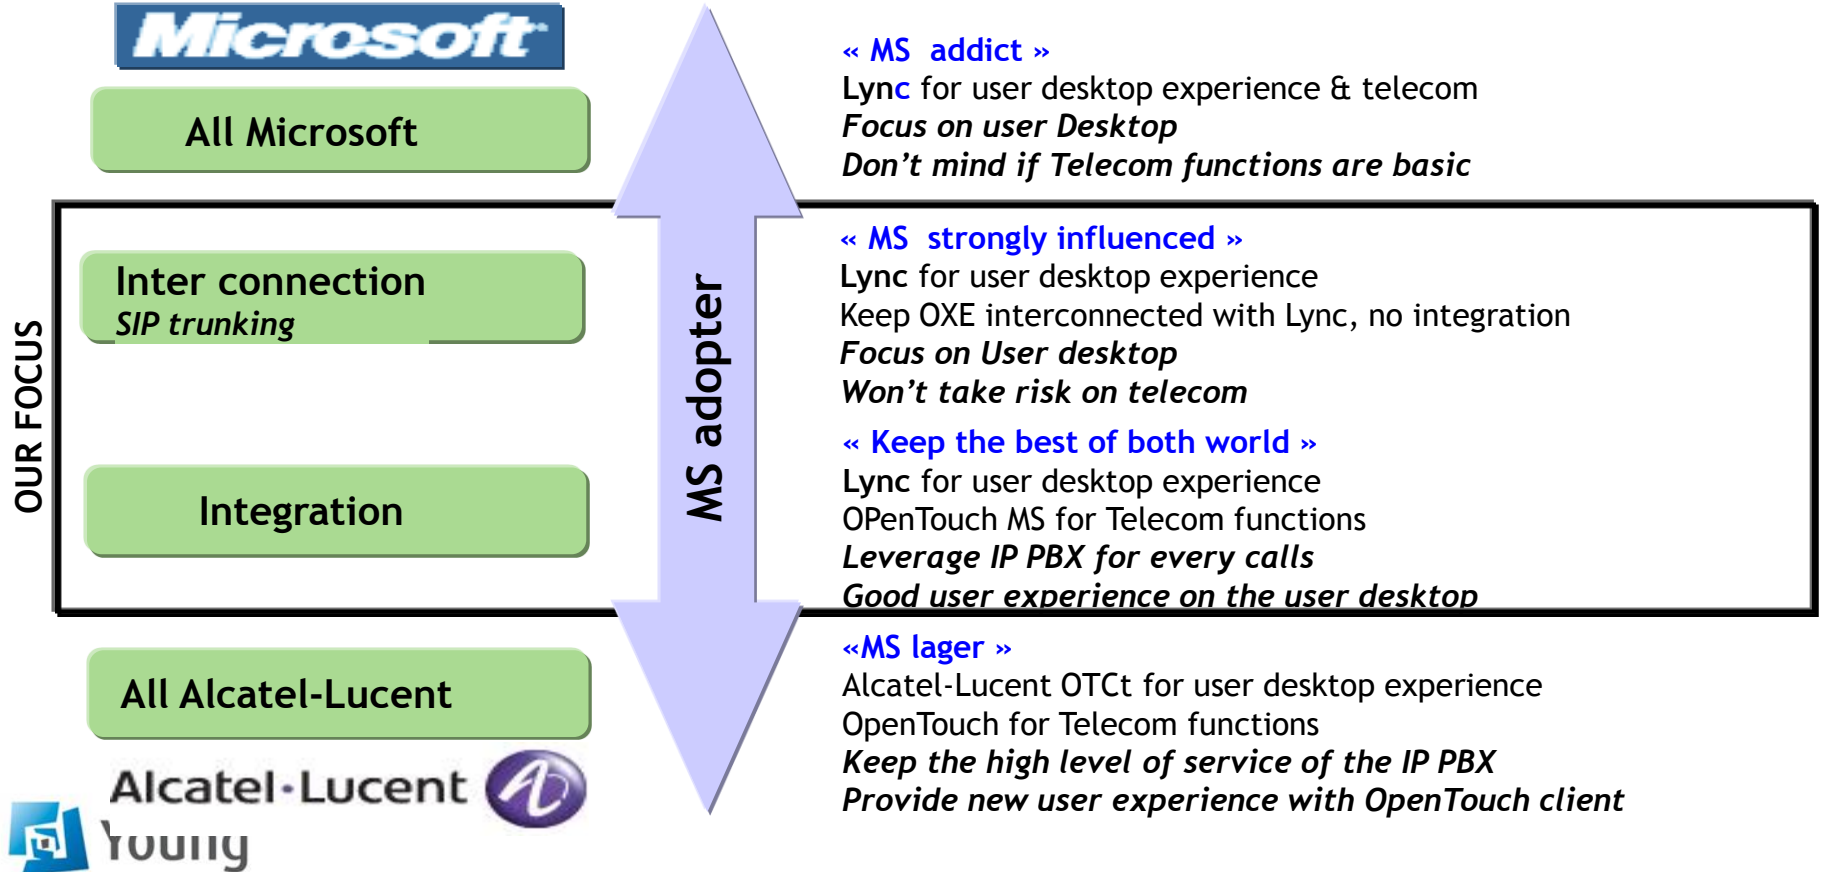

4: "Lync Plus" SIP trunking with OXE/OT

3: "Lync Plus" Call control over OXE phones

- Partner solution: Audiocodes (Median Gateway)
- Enables communication between OXE/OT users and VoIP Lync users

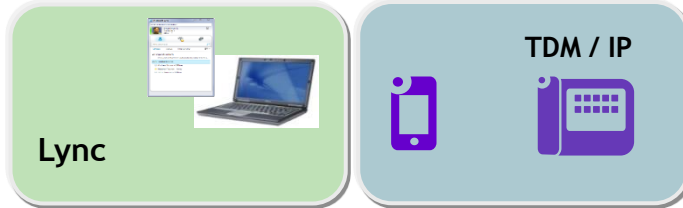

- Partner solution: CoreBridge
- In addition to IM and Presence, Lync is used to control OXE phone (eg. click to call, answer, deflect, hangup)

Customers profiles

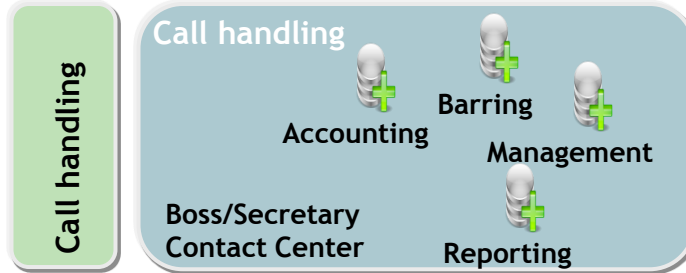

Microsoft interoperability: Interconnection

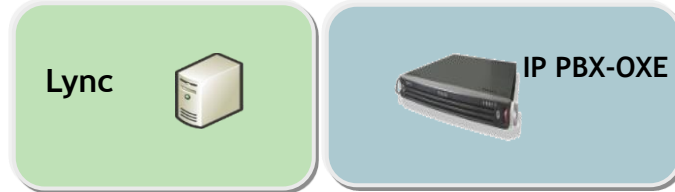

User Desktop

Telecom functions

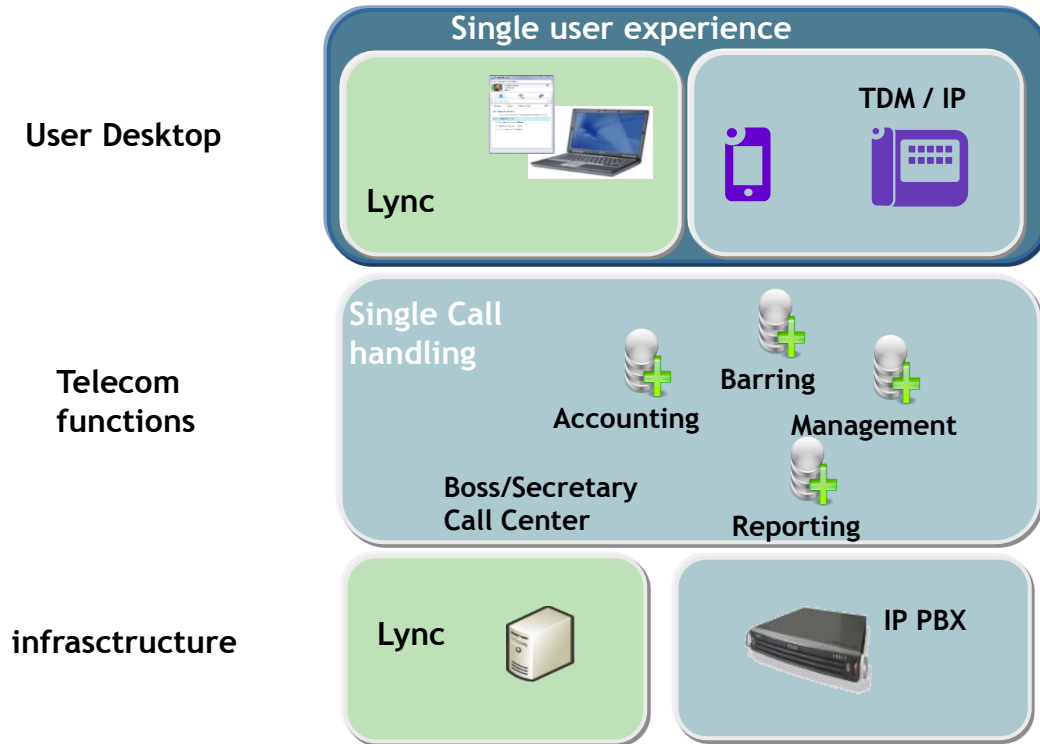

infrastructure

Interconnection

- Silo organization
- Two user desktop exp.
- Two call handlings
- Techno: SIP trunking

Microsoft interoperability: Integration

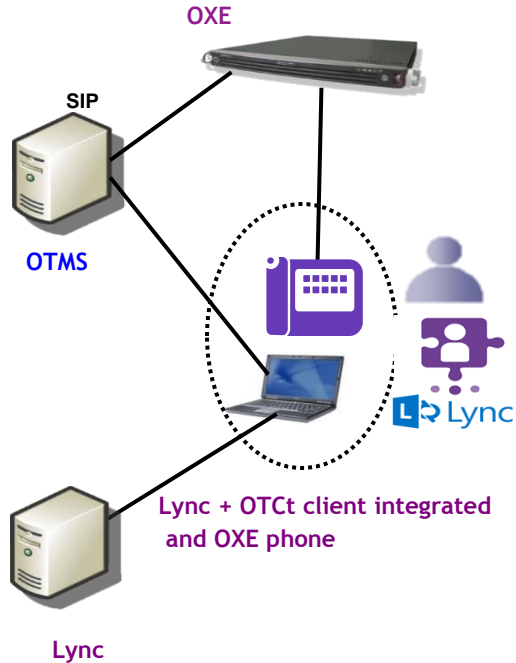

Integration

- Coupling Lync & phones sets
- Single user exp.
- ALU call handling
- Techno: CSTA, API web services
- Leverage both world

Interoperability scenarios

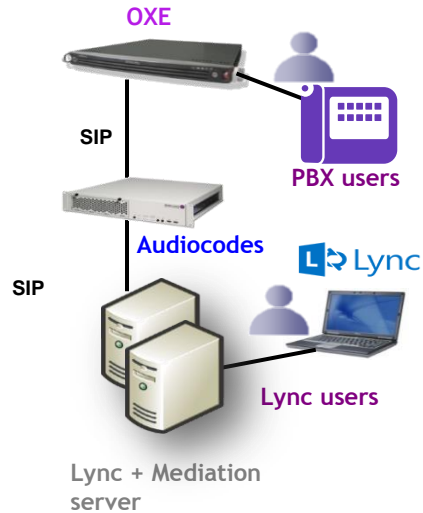

OTMS

OTCt-Lync integration

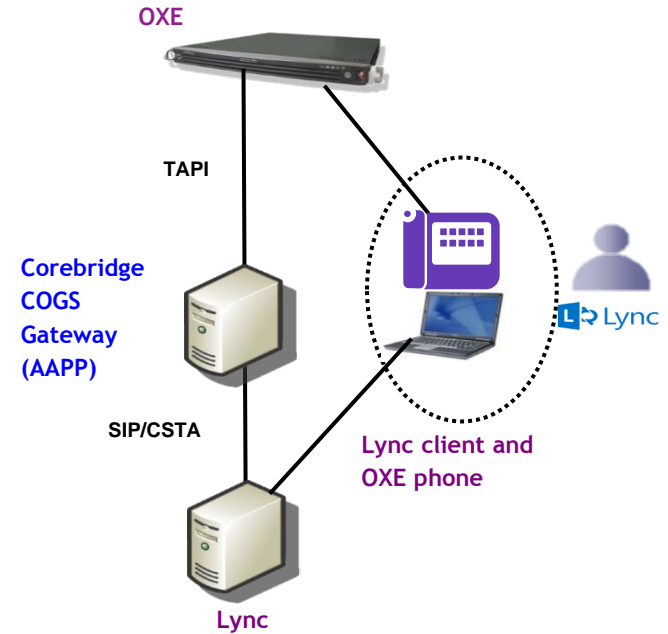

Interconnection

Enterprise Voice with SIP trunk

RCC

Remote Call Control with COGS

Desktop integration: OTCT with Lync

Main benefits

Intended for:

- Stand alone & Homogeneous OXE/OTMS networks deployment
- Rich application desktop integration
- Small and large users deployment

▪ Benefits from OTCT client:

- Telephony features and phone management
- Unified Messaging
- Call log
- Access to Lync collaboration application
- Lync consistent look for full unique appearance

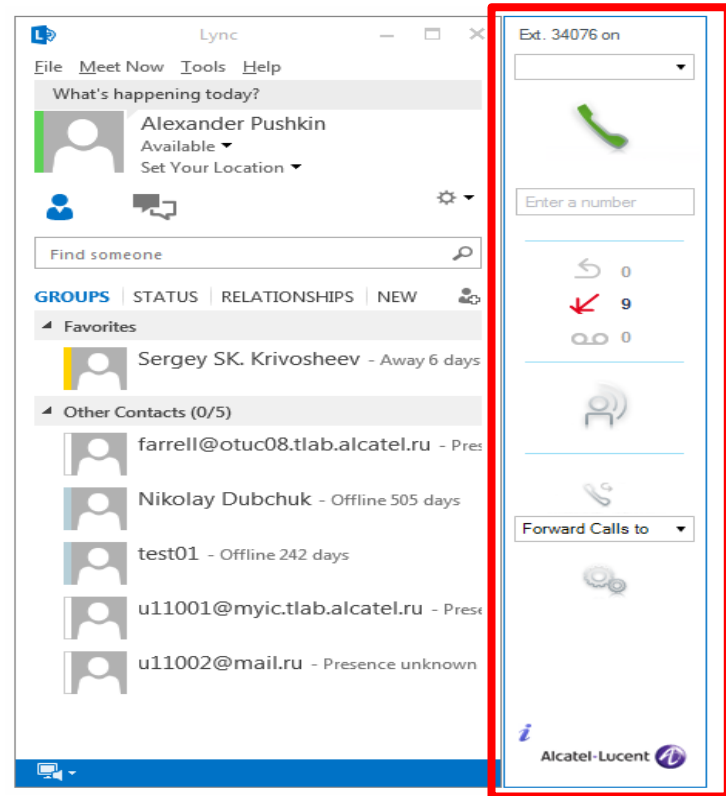

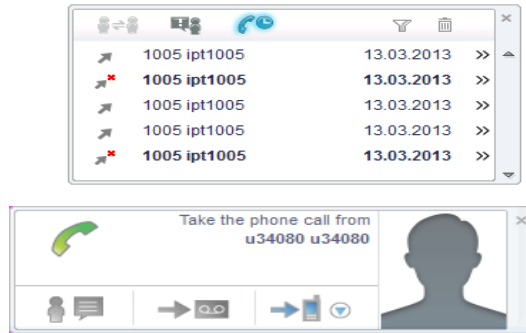

▪ Benefits from Lync client:

- Instant Messaging
- Data/Audio conferencing
- Contact list access
- Directory search
- Telephony Presence status enable by OTCT client
- Access to telephony features enable by OTCT client

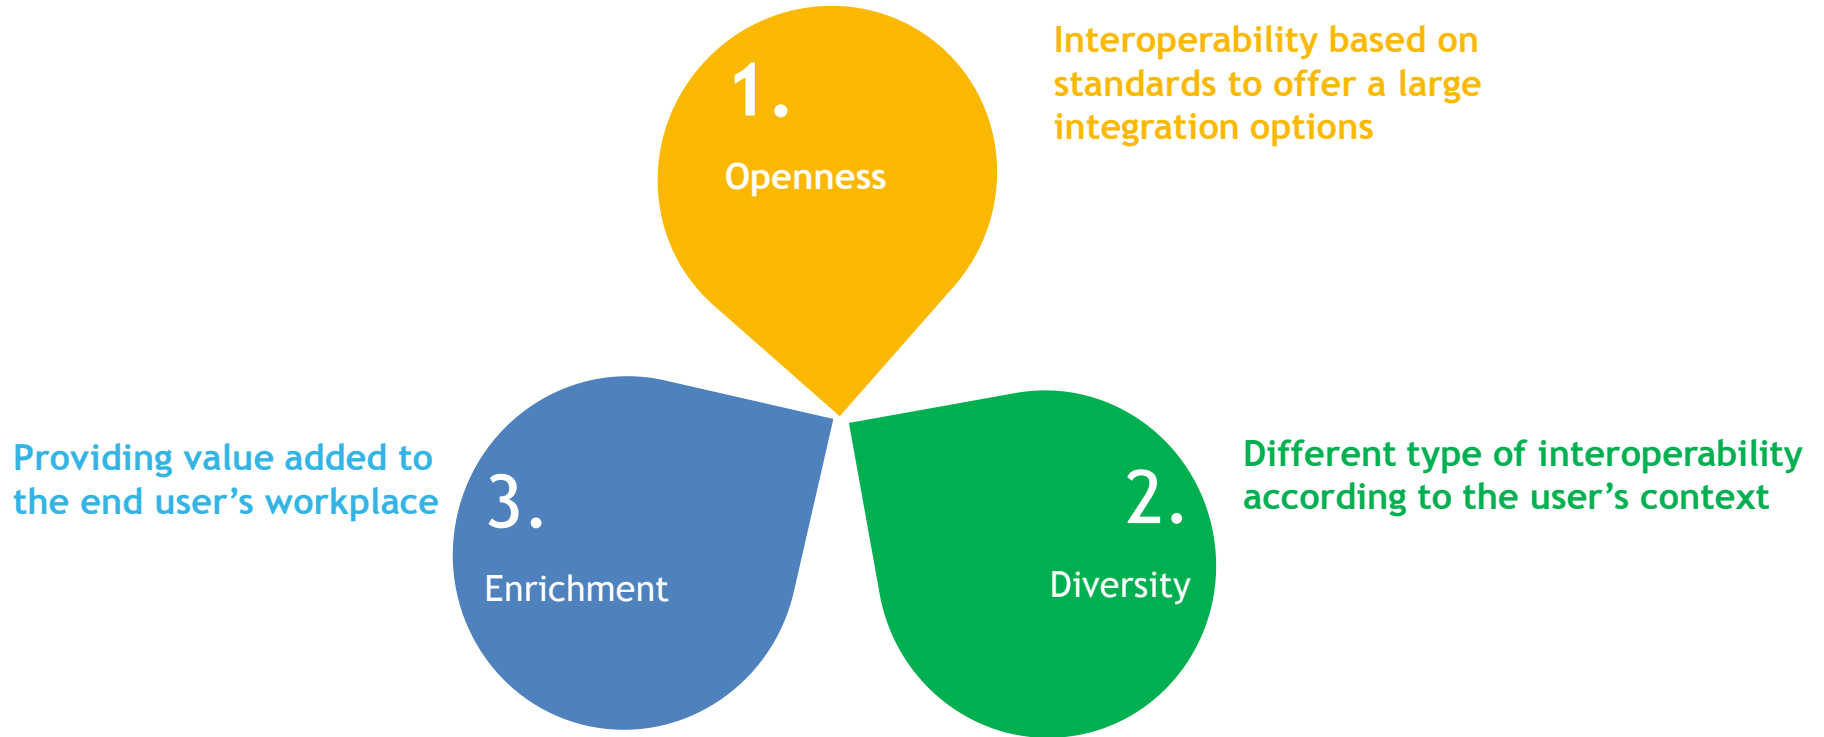

Desktop integration: OTcT with Lync 2013

- This integration provide the same level of service as Lync 2010.
- The Lync 2013 editions supported are:
 - 32 bits and 64 bits
